ANNOUNCEMENTS FOR 1938-1939

CHANGE OF NAME

THE LEGISLATURE OF 1939 IS EXPECTED TO CHANGE THE NAME OF FAYETTEVILLE STATE NORMAL TO "FAYETTEVILLE STATE TEACHERS COLLEGE" OR SOME SIMILAR TITLE. THE STATE BOARD OF EDUCATION RAISED THE CURRICULUM AT FAYETTEVILLE TO THAT OF A FOUR-YEAR TEACHERS COLLEGE. HOWEVER, SINCE THE LEGISLATURE HAD ADJOURNED A FEW WEEKS PRIOR TO THIS ANNOUNCEMENT, THE NAME CANNOT BE OFFICIALLY CHANGED UNTIL THE MEETING OF THE NEXT LEGISLATURE. THE STATE BOARD HAS ALREADY GIVEN FAYETTEVILLE THE POWER TO GRANT DEGREES AND TO PREPARE STUDENTS FOR THE GRAMMAR GRADE A AND THE PRIMARY A CERTIFICATES.

IMPORTANT NOTICE

NEW COURSE OF STUDY

FAYETTEVILLE IS NOW A FOUR-YEAR TEACHERS COLLEGE GRANTING DEGREES AND GRADE "A" TEACHERS CERTIFICATES. THIS IMPORTANT CHANGE IN THE CURRICULUM WAS MADE BY THE STATE BOARD OF EDUCATION IN ORDER THAT FAYETTEVILLE MIGHT PREPARE TEACHERS MORE EFFICIENTLY TO MEET THE ADVANCED REQUIREMENTS OF THE STATE OF NORTH CAROLINA. THIS IMPORTANT ACTION BY THE STATE BOARD MARKS THE BEGINNING OF A NEW ERA OF SERVICE AND PROGRESS BY THE OLDEST TEACHER-TRAINING INSTITUTION IN NORTH CAROLINA.

THERE IS SHOWN BELOW A COPY OF THE LETTER OF THE STATE SUPERINTENDENT OF PUBLIC INSTRUCTION GIVING FAYETTEVILLE STATE NORMAL SCHOOL OFFICIAL NOTIFICATION OF ITS EXTENSION INTO A FOUR-YEAR COLLEGE.

STATE OF NORTH CAROLINA

Superintendent of Public Instruction

RALEIGH

CLYDE A. ERWIN, *Superintendent.*

President J. W. Seabrook
Fayetteville State Normal School
Fayetteville, N. C.

Dear President Seabrook:

The State Board of Education met Friday, May 21, 1937, with the following members present: Governor Clyde R. Hoey, Lieutenant Governor W. P. Horton, Auditor George Ross Pou, Treasurer Chas. M. Johnson, State Superintendent Clyde A. Erwin, and Attorney General A. A. F. Seawell. At the meeting the Board voted to authorize the extension of your college to a four-year term, and also granted the authority to confer degrees, subject to the approval of the State Department of Public Instruction. It will be necessary for you to work in close cooperation with our Department in the establishment of your new course of study in order that all requirements may be met.

I am pleased that the Board has granted the extension of educational facilities to your institution, and I am quite sure that the cause of Negro education in this State will be greatly benefited. I congratulate you upon an enlarged opportunity for service.

With best wishes, I am

Very truly yours,

CLYDE A. ERWIN,

State Superintendent of Public Instruction

HISTORY

The Fayetteville State Normal School was established by the State Board of Education, under an Act of the General Assembly in 1877, for the purpose of educating teachers for the Negro public schools of North Carolina. It was the first normal school established in North Carolina for any race of people. Robert Harris, whose efficient management of a private school in Fayetteville attracted state-wide attention, became the first principal of the Normal School. Upon his death, three years later, Charles Waddell Chestnut, the noted author, was elected to succeed him. Upon the resignation of Mr. Chestnut, E. E. Smith, then serving as principal of the Goldsboro schools, was chosen as his successor.

The original home of the State Normal School was on a lot on Gillespie Street which had been donated by General O. O. Howard, of the Freedmen's Bureau, to the colored citizens of Fayetteville to be used for educational purposes. The school moved to Worth Street and to Ashley Heights before reaching its present location in the suburbs on the Murchison Road. In 1907 the legislature appropriated money for the erection of a building. Realizing that the institution would be limited in its growth if the building were erected upon a city lot, Dr. Smith, backed by leading colored citizens, purchased the present site of fifty acres with his personal funds and deeded the land to the State of North Carolina. This far-seeing and magnanimous act on the part of Dr. Smith was the major factor in the remarkable development of the institution. Under his administration thirteen buildings were erected upon this beautiful site. Dr. E. E. Smith served as president for approximately half a century, save for two leaves of absence; one to serve as United States Minister to Liberia, the other to serve as adjutant in the Spanish-American War. During these periods of his absence, Geo. H. Williams and R. E. Fairly served respectively as principal of the school. President Smith resigned on July 15, 1933, on account of advancing age and waning strength. He died on December 6, 1933. J. W. Seabrook, dean of the institution, was chosen to succeed President Smith when the latter became president-emeritus in July, 1933. In May, 1937, the State Board of Education extended the course of study to four years, and authorized the institution to grant bachelors' degrees and grade "A" teachers' certificates.

BUILDINGS

THE SMITH ADMINISTRATION BUILDING contains the offices, library, laboratories, auditorium, classrooms and music rooms.

AYCOCK HALL was the main administration building before the erection of the more commodious Smith Administration Building. Its class rooms are still in daily use.

BICKETT HALL is a dormitory with splendid conveniences and appointments, housing approximately 140 young ladies.

JOYNER HALL was the second dormitory for young women erected on the

present campus. It is of modern, fire-proof construction, built for 100 occupants.

VANCE HALL was formerly a dormitory for young ladies, but is now used by the young men exclusively.

THE H. L. COOK DINING HALL, an architectural gem, is named in honor of the chairman of the board of trustees.

THE NEWBOLD TRAINING SCHOOL is the laboratory or practice school of the Normal School. It has 16 classrooms, 6 practice rooms, cafeteria, library, teachers' rest room, nurse's room, and an auditorium-gymnasium. It houses 800 elementary school children.

THE LIBRARY was completed July 15, 1937, at a cost of \$36,000. It was erected with the aid of the Federal Emergency Administration of Public Works. Gifts of books from our friends will be received with gratitude and will be followed by prompt acknowledgment.

THE LAUNDRY is well equipped, and is operated by steam and by electricity.

THE INDUSTRIAL ARTS BUILDING is a substantial brick structure, equipped with machinery and supplied with tools for the teaching of manual and industrial arts.

A third DORMITORY FOR WOMEN was completed in June, 1938. Safety, convenience and beauty are the ideas which dominated its construction. One hundred young ladies can be housed in this building.

A GYMNASIUM-PHYSICAL EDUCATION BUILDING, capable of being used as an auditorium, was completed in June, 1938. This gymnasium is a handsome building fully equipped with apparatus for indoor games and corrective gymnastics. The main floor constitutes an ideal basketball court. The building contains, also, a medical room, an office, shower baths for both sexes, locker rooms, and a shower and bunk room for visiting teams.

Building plans for 1939 include the renovation and enlargement of the men's dormitory, and the adding of classrooms to Aycock Building.

In addition to the handsome and durable brick structures mentioned above, there are two teachers' cottages, a residence for the president, and a dairy—all of frame construction, but attractive and serviceable.

THE E. E. SMITH ATHLETIC FIELD has recently been built upon a site of 7¼ acres adjacent to the Normal School campus, said site having been donated by Mrs. Nannie L. Smith, widow of the late president of the institution. It is hoped that a stadium may be erected upon this site in the near future.

GENERAL INFORMATION

DATE OF OPENING

The regular term begins with the opening of the fall quarter, Wednesday, September 7, 1938, at 8:30 a.m. Students should plan to enter on the opening day. A late registration fee of \$2 is charged after the first three days. NO STUDENT IS ADMITTED AFTER THE SECOND WEEK EXCEPT UNDER THE MOST EXCEPTIONAL CIRCUMSTANCES AND WITH THE PRIOR CONSENT OF THE PRESIDENT. A STUDENT WHO WAITS TOO LATE TO ENTER THE FIRST QUARTER MAY ENTER THE SECOND QUARTER.

EXPENSES

BOARDING STUDENTS—FIRST MONTH

Board and Room—First Month (Including fuel, lights, water)	\$15.50
Laundry—First Month75
Quarterly Fee—For first 12 weeks	5.00
Athletic Fee—For the entire year	3.00
Incidental Fee—For first 12 weeks	1.00
Library Fee—For entire year	1.50
Medical Examination Fee—For entire year	1.00
Laboratory Fee—For those taking science—(For each science)	3.00
Lyceum Fee—For entire year	1.50
Total Fees for the First Month	32.25

THIS SUM OF \$32.25 IS DUE AND PAYABLE WHEN A STUDENT ENTERS.

After the first month, the student pays \$16.25 a month to cover board, lodging, light, fuel, water, and laundry. In addition, every twelve weeks, the student pays a quarterly fee of \$5 and an incidental fee of \$1. These fees are payable on December 1 and March 7 at the beginning of the second and of the third quarters. The total fee paid to the school during the year by a boarding student is approximately \$174. This does not include books, which cost from \$15 to \$20 per school year. Neither does it include the miscellaneous fees shown below which are paid only by certain groups of students.

EXPENSES

DAY STUDENTS—FIRST QUARTER

(The rates shown below are only for those that live off the campus)

Quarterly Fee—For first 12 weeks	\$ 5.00
Athletic Fee—For the entire year	3.00
Incidental Fee—For first 12 weeks	1.00
Library Fee—For entire year	1.50
Medical Examination Fee—For entire year	1.00
Laboratory Fee—For those taking science (For each science)	3.00
Service Fee—For first 12 weeks	3.00
Lyceum Fee—For entire year	1.50

Total Expenses for First Month (day students) — \$19.00

After the first quarter the total school fee of a day student is \$18—\$5 quarterly fee, \$3 service fee and \$1 incidental fee, payable for the remainder of the year in December and in March at the beginning of the second and of the third quarters respectively. Thus it is seen that the total fees of a day student amount to \$37 for the school year, excluding books and miscellaneous fees.

MISCELLANEOUS FEES

Graduation and Diploma Fee-----	\$ 3.00
Forwarding a second transcript of a student's record-----	1.00
Music lessons, piano, once a week, per month-----	2.00
Music lessons, piano, twice a week, per month-----	3.00
Use of piano for practice, per month-----	.50

Penalty—Late registration—For entering after third day-----	2.00
Penalty—For absence from class immediately pre- ceding or following a holiday-----	1.00
Penalty—For absence of more than one day fol- lowing a holiday-----	2.00

In addition, special penalties may be exacted for other irregularities and violations, such as improper use of electric appliances, burning lights at night beyond the hour for extinguishing them, and careless damage to property and equipment.

Instead of being required to purchase textbooks, students in the Industrial, Fine and Household Arts and in Physical Education may be required to purchase material or uniforms with which to work. The cost of this material will only in a few instances exceed that of a textbook. Student fees are subject to change at any time, without prior notice, by the Board of Trustees.

INFORMATION FOR PARENTS

Money for school expenses should be sent by money order or by cashier's check made payable to FAYETTEVILLE STATE NORMAL SCHOOL, and should be mailed in a letter address to the *President, State Normal School, Fayetteville, N. C.* Do *NOT* send personal checks, for money unless in a registered letter. Receipts will be sent immediately for money paid on students' school expenses. Be sure to send the money to the school and not to the individual student.

A school month consists of four weeks, a quarter consists of twelve weeks, and a school year consists of thirty-six weeks.

No deduction in board is made for tardy entrance or absences of less than one week.

The moderate rate charged the student for board, lodging, lights, fuel and water makes it necessary for all students to work on the average of one hour per day. If a student desires to be released from this duty work he will be excused upon the payment of three dollars additional per month. If a student's work is unsatisfactory he will be relieved of it and required to pay the three dollars additional.

The buildings in which the students live are of brick construction and have all modern conveniences, including electric lights, steam heat, and

running water. It is doubtful that these conveniences can be obtained at any other standard collegiate institution for less money than is charged at Fayetteville.

All fees are due and payable in advance.

Special delivery letters will not reach the school any sooner than other first-class mail. The money spent on specials is frequently wasted, because signing for them often causes delay.

Requests from parents for their children to go home on week-ends should be sent at least one week ahead, and should be addressed to the matron of the dormitory or to the president of the school, and NOT sent in a letter to the student. The school authorities do not favor frequent trips home at week-ends, as they disturb the efficient scholastic work and extra-curricular activities of the student. Absences from class preceding or following week-end trips will not be excused save in exceptional cases.

Because of the high cost of food and other commodities, the school authorities are compelled to require prompt payment of all bills due the institution. No appropriation is made by the Legislature to cover the food or housing of students, hence a student who is in arrears is in reality "sponging" upon the students that pay.

All students must be examined by a physician selected by the school to determine the student's physical fitness for the teaching profession. Additional examinations may be required at any time.

TEXTBOOKS

Students are required to own textbooks, and to purchase them at the beginning of each quarter. The prompt purchase of textbooks helps to prevent unsatisfactory work and failures. These books may be purchased at the institution at an approximate cost of fifteen to twenty dollars per school year.

SELF-HELP OPPORTUNITIES

The same low rate of fees referred to above, plus the smallness of the appropriation from the legislature, prevent the Fayetteville State Normal School from offering scholarships or free tuition. There are a few work positions given to students that grant a reduction in board and lodging. These positions are given only to students of proved ability, industry and character. If these students do not maintain high efficiency in their work, it is taken from them and given to others more deserving.

WHAT TO BRING

Students furnish their own bedding, hence should bring with them quilts, blankets, sheets, spreads, pillows, pillowcases, and bureau scarfs. To this list should be added rubber overshoes, raincoat, or umbrellas. Each article of clothing should be marked with the owner's name in indelible ink. If the prospective student owns a dictionary by all means he should bring it along.

WHY GO TO FAYETTEVILLE STATE NORMAL?

1. Because most of the children that attend school are found in the elementary grades, hence more teachers are needed for the elementary grades than for the high school grades.

2. Because the new four-year curriculum at Fayetteville leads to the bachelor's degree and either to the Grammar Grade "A" or to the Primary "A" Certificate.

3. Because in North Carolina the pay of teachers in the elementary schools is on the same basis as that of teachers in the high schools, the basis of training, efficiency, and experience, and NOT on the basis of the age of the children taught.

4. Because high school graduates, in rapidly increasing numbers, have been entering Fayetteville State Normal, to take advantage of the superior facilities, well-prepared faculty, and safe and comfortable living conditions existing in this well-known institution for the education of teachers.

5. Because at Fayetteville are found interesting and profitable student clubs, and inspiring religious organizations.

ADMISSION REQUIREMENTS

Each applicant must be a graduate of a standard high school in North Carolina, or of a high school outside the State rated as equivalent, must be recommended by his or her former principal as a fit candidate for the teaching profession, and must present evidence of having satisfactorily completed at least fifteen (15) units of secondary work.

ADVANCED STANDING

Students that have completed work elsewhere equivalent to that done in the Freshman Class here are admitted into the Sophomore Class. The same principle operates for admission into the other classes. Cases in which the work is only approximately equivalent require the making up of deficiencies in summer school. Usually, six summer schools are considered equal to the work of one scholastic year, provided the proper subjects have been taken.

Students from institutions of a type different from Fayetteville State Normal, such as liberal arts colleges, should attend summer school at Fayetteville before entering for advanced standing.

WITHDRAWAL

A student who finds it necessary to leave the institution before the end of the school year should make arrangements with the registrar and with the bursar for honorable dismissal.

A student transferring from another college must submit in advance a complete transcript of all credits earned in order that they may be evaluated and the student informed of requirements to be met at Fayetteville. This record must show that he left in good standing the college previously attended.

GRADUATION REQUIREMENTS

Graduation is based upon the satisfactory completion of either the Primary or Grammar Grade Curriculum. The requirements are measured in terms of quarter-hours, one hundred eighty-six quarter hours are required for graduation. A quarter-hour is a recitation to which full credit is given, occurring once a week for a period of twelve weeks. A minimum of sixteen (16) quarter-hours credit should be earned each quarter.

IN ADDITION BEFORE A STUDENT IS RECOMMENDED FOR GRADUATION, HIS RECORD MUST SHOW THAT HE HAS MAINTAINED AN AVERAGE OF "C" IN HIS SUBJECTS, AND THAT HIS MORAL CHARACTER AND PERSONAL TRAITS WARRANT THE INSTITUTION'S RECOMMENDING HIM TO THE STATE DEPARTMENT AS A SUITABLE PERSON TO RECEIVE A TEACHER'S CERTIFICATE.

Prerequisites of Student Teaching are the passing successfully of all the work necessary for unconditional entrance to the Senior Class, the maintaining of a "C" average, the evincing of reasonable mastery of the subjects of the elementary field, and the securing of a satisfactory score on a selected standard test. Students that do poorly in practice teaching may be stopped at any time so as to prevent injury to the children of the training school. The only basis for granting a diploma and a certificate is the fitness of the candidate to perform successfully the duties required of a teacher. The length of time he has spent in school here or elsewhere is not the basis.

DIPLOMA AND CERTIFICATE

Upon graduation from the four-year curriculum the student will receive the degree of bachelor of science in education. In addition, the State Department of Public Instruction will issue to the graduate either the Grammar Grade A or the Primary A Certificate, in accordance with the particular curriculum completed.

Upon graduation from the three-year curriculum the student will receive either the Grammar B or the Primary B Certificate.

A certificate for teaching in the schools of North Carolina will be issued only to those applicants that are 18 years of age or over.

ABSENCES

Students are expected to attend regularly all classes, assemblies and chapel exercises. Irregular attendance will lower the scholarship and personality rating of the students and may result in causing them to fail.

RATING AND STANDARDIZATION—NORMAL SCHOOL AND TRAINING SCHOOL

Fayetteville State Normal School is rated as a standard college for the education of teachers by the State Department of Public Instruction. Its graduates receive standard state certificates entitling them to teach in the public schools.

The Newbold Training School is a standard elementary school, one of the best for colored children in the State. This school is the laboratory and practice school of the Normal School. In it the students gain practical

knowledge of teaching under the guidance of expert supervisors. It maintains the same relation to the Normal School that the hospital does to the medical college.

WHO SHOULD ATTEND NORMAL SCHOOL?

Fayetteville State Normal seeks only students with intellectual ability, common sense, good health, excellent character and personality, and with a genuine interest in the work of teaching. Those high school graduates with no special guiding purpose, who are looking merely for some college where they may "go off to school," should not attempt to join the young people of Fayetteville that are preparing so earnestly for one of the noblest of all the professions. Friends of education are asked to recommend to Fayetteville only those young people that give evidence of constituting good teacher material.

RELIGIOUS ACTIVITIES

The religious activities of the school are nonsectarian.

The two student organizations of a religious nature—the Y. M. C. A. and the Y. W. C. A.—are factors of inestimable value in the development of Christian character.

Every year there is a week set apart as Spiritual Emphasis Week. The service of a visiting clergyman is secured in an effort to elevate the religious and spiritual tone of the campus. During the school year of 1937-38, these religious services were conducted by the Rev. W. C. Somerville of Raleigh.

STUDENT LIFE AND ACTIVITIES

Some play is interspersed with the work at State Normal. Athletics plays an important part in the life of the school. The State Basketball Tournament for the southeastern section has been held here for several years continuously. Tennis rivals basketball in popularity. The football team was especially successful during the past year. Out of 8 games played it lost 1 only.

MARKING SYSTEM

A—Excellent	E—Failure
B—Good	I—Incomplete
C—Fair	X—Absent from Examination
D—Poor	Dr.—Dropped

Examinations, combined with the daily work, determine the mark earned by a student. Absences from class tend to lower the mark of a student. A failure in a subject can be removed only by repeating the subject in class and by doing creditable work therein.

ALUMNI ASSOCIATION

There is an active Alumni Association which co-operates heartily with the Administration in all efforts to advance the interest of the school.

OFFICERS

E. A. Armstrong, President	Dorothy Murphy, Secretary
Robert Watson, Vice-President	Eunice Sherman, Asst. Secretary
J. T. Saunders, Treasurer	

The Alumni Association sponsored a very worthy project which was completed during the school year, 1937-38. With funds contributed by friends of the institution and of the late Dr. E. E. Smith, a beautiful monument was erected to his memory and placed in front of the library.

A large audience, composed chiefly of former students of this great educator, assembled on Palm Sunday to pay tribute to the notable record made by Dr. Smith, who served nearly a half-century as president of Fayetteville State Normal School. Eloquent speeches, beautiful music,

and an impressive ritual combined to make the occasion a memorable one in the history of the school.

EXTENSION SERVICE

State Normal School conducts extension centers for the improvement of teachers in service. During the past year, extension classes were held at Fayetteville, Wilmington, Kenansville, Clinton, Lillington, Whiteville, Elizabethtown, Southern Pines, Jacksonville, Laurinburg, and Maxton.

SUMMER SESSION

In order to improve the teachers in service, the institution has conducted for many years a Summer School. The value of this school has been attested by the large numbers that attend each year.

In the summer session the student may get credit for one quarter or twelve semester hours during one summer; and if she holds a State certificate or has previously graduated from a standard high school, may secure credits toward college graduation.

The Summer School Bulletin, giving full information, will be mailed upon request.

It is now possible for the two-year and three-year Normal graduates to work for their bachelors' degrees during the summer session, provided these graduates had maintained high scholastic records during prior periods of resident study at the institution. By this plan, graduates who have evinced high scholastic ability will not be compelled to resign from their present teaching positions to secure degrees and "A" certificates.

PRIZES AND AWARDS

The Mayme Worsham Seabrook Memorial Prize for excellence in Home Making was divided between Isabelle Hicks and Mae Frances Spencer. A second prize in Home Making, given by Miss Mattie J. Chavis, teacher of Household Arts, was awarded to Lorena Coppage.

DESCRIPTION OF COURSES

Many of the courses listed in the curriculum are new, others are undergoing revision, some few are yet subject to modification upon suggestions from the State Department. Further, some of the courses are being worked out in detail by teachers now studying in graduate schools. For these reasons an adequate description of all the courses is not available for publication in this catalogue. However, the catalogue for the session of 1938-39 will carry a full outline and description of courses.

FACTS CONCERNING NEGRO SCHOOLS IN NORTH CAROLINA

(Taken from the Report of the State School Commission, 1936-37.)

ELEMENTARY SCHOOL PUPILS (Average Daily Attendance)____195,846
 HIGH SCHOOL STUDENTS (Average Daily Attendance)----- 25,675

5,820 ELEMENTARY SCHOOL TEACHERS WERE PAID
 SALARIES TOTALING ----- \$2,890,548
 720 HIGH SCHOOL TEACHERS WERE PAID SALARIES
 TOTALING ----- 417,278

65 ELEMENTARY SCHOOL PRINCIPALS WERE PAID
 SALARIES OF ----- \$ 66,799
 131 HIGH SCHOOL PRINCIPALS WERE PAID
 SALARIES OF ----- 137,800

NUMBER OF STANDARD ELEMENTARY SCHOOLS ----- 28
 NUMBER OF STANDARD HIGH SCHOOLS ----- 134

PLEASE NOTE FROM THE ABOVE REPORT THAT THERE ARE **8 TIMES** AS MANY ELEMENTARY SCHOOL TEACHERS AS THERE ARE HIGH SCHOOL TEACHERS, AND NEARLY **EIGHT TIMES** AS MANY ELEMENTARY SCHOOL CHILDREN AS THERE ARE HIGH SCHOOL CHILDREN.

IT IS CLEARLY EVIDENT THAT MANY MORE TEACHERS WILL BE NEEDED IN THE FUTURE FOR THESE ELEMENTARY CHILDREN THAN FOR THE HIGH SCHOOL STUDENTS. FURTHERMORE, SINCE THE ELEMENTARY SCHOOLS HAVE ONLY RECENTLY BEEN SECURING PROFESSIONALLY-TRAINED PRINCIPALS AND SOUGHT TO BE STANDARDIZED, GREAT OPPORTUNITIES ARE OPENING FOR WELL-TRAINED TEACHERS IN THE ELEMENTARY SCHOOLS TO FACILITATE THE MOVEMENT TOWARD STANDARDIZATION AND THE SECURING OF PROFESSIONALLY-TRAINED PRINCIPALS.

SINCE THERE WILL ALWAYS BE MORE CHILDREN IN THE ELEMENTARY SCHOOLS THAN IN THE HIGH SCHOOLS, AND SINCE THERE WILL ALWAYS BE A NEED FOR MORE REPLACEMENTS IN THE TEACHING STAFF OF THE ELEMENTARY SCHOOLS THAN IN THE HIGH SCHOOLS, THE STUDENTS AT TEACHERS COLLEGES SUCH AS FAYETTEVILLE AND THE OTHER INSTITUTIONS THAT TRAIN ELEMENTARY TEACHERS AND PRINCIPALS, SHOULD FEEL THAT THEY HAVE MADE A WISE CHOICE. MANY OF THE GRADUATES OF LIBERAL ARTS COLLEGES, UNABLE TO SECURE POSITIONS IN THE HIGH SCHOOLS, ARE TEACHING IN THE ELEMENTARY SCHOOLS, EVEN THOUGH THEIR SALARIES ARE CUT 20% BECAUSE THEY ARE TEACHING OUT OF THEIR FIELD.

A report of Dr. James E. Hillman of the State Department makes the following suggestion: "Encourage more students to prepare for teaching in the elementary school. The present emphasis on educating teachers for the secondary schools (high schools) is producing a total number quite out of proportion to the demands and needs. The supply of new Negro elementary teachers for 1938-39 may be somewhat inadequate More men should be encouraged to prepare for teaching in the elementary schools."

A careful reading of the statements and suggestions given above should convince serious, ambitious young people that a splendid opportunity lies before them to prepare for elementary public school teaching at such institutions as Fayetteville State Normal.
